**intraNetWare®/NetWare® 4.11 SMP**

intraNetWare and NetWare 4.11 both come SMP ready for up to four (4) concurrent processors in the same box. SMP Services for intraNetWare and
NetWare 4.11 provide support for additional processors in a multi-processor environment. An additional license is required for each set of four
processors above the base level.  For example, a customer with a twelve (12) processor system would need to purchase two (2) additional SMP

**Novell Replication Services (NRS) 1.2**

886-013827-001    Novell Replication Services (NRS) is a replication management tool that allows the selective replication of files, directories or volumes between two
or more servers in the same Novell Directory 'Services (NDS) tree.  A NRS license is required for each server containing replicated data without regard
to the number of user licenses.

**intraNetWare® for SAA 3.0**

intraNetWare for SAA version 3.0 is today's most secure and reliable platform for integrating NetWare networks with IBM host(S/390 and AS/400 systems).  SAA 3.0 product is fully integrated with Novell Directory Services (NDS).

SAA 3.0 enhancements includes Enhanced TCP/IP Support (Service Location Protocol (SLP) for dynamic service discovery, IP-based Load Balancing and Rollover features for TN3270 and traditional terminal, TN5250 server for

886-013856-001     IP-based AS/400 access), APPN network node support, Greater distributed applications capabilities (SyncPoint enablement to ensure transaction integrity in distributed CICS environments, LU6 full duplex for higher performance),

**intraNetWare HostPrint® 2.0**

intraNetWare HostPrint version 2.0  is software that runs on NetWare for SAA 2.2 and IntraNetWare for SAA version 3.0, enabling users to send IBM host print jobs directly to LAN printers via server- based 3270 LU1 and LU3 emulation.

HostPrint 2.0 is fully integrated with Novell Directory Services (NDS) and requires NetWare 4.1 or 4.11 to run.  The HostPrint 2.0 uses NetWare for SAA as the communication vehicle between II hosts and printers on the network and

886-013840-001    provides IBM 3287 LU1 and LU3 host printer sessions. Users can direct print jobs to any NetWare print queue on the network.  This product supports a reconnection feature that will automaticall reestablish a connection with an out-of-service

| | | | | |

**Z.E.N.works™**

| | | | | |
|---|---|---|---|---|
| | Z.E.N.works is a desktop managing tool, powered by Novell Directory Services (NDS), that allows network administrators to deliver an easy-to- use, self healing, and reliable network system to their users.  Z.E.N.works reduces the | | | |
| 886-013871-001 | cost of owning network PC's by allowing the users to concentrate on their business productivity, without the need to become PC experts.  Z.E.N.works also gives administrators tools that leverage NDS to greatly reduce the amount of necessary PC support. | | | |
| LIC-004929-001 | Users will have all the power of their PC's, while the responsibility of managing them and their applications will rest on the network and the network administrators.  Note: Licences are additive. | | | |

**Novell Education Student Kit Voucher**

Novell Education is announcing the immediate availability of student kit vouchers for MLA customers worldwide. Student kits provide customers with
authorized training materials for self study or for courses at a Novell Authorized Education
Center (NAEC).
MLA customers can order their student kit voucher through their regular channel and will have 12 months to redeem the voucher from a selected
NAEC.  Customers will receive the applicable discount based on the negotiated percentage agreed upon in their contract.

NAECs throughout the world offer authorized training on networking products. Only from NAECs can customers receive Novell-developed and
approved curriculum, state-of-the-art classrooms and labs, and customized classes to meet your unique training needs.
